

Presenting my online photo exhibit & COVID-19 fundraiser:

'Vie Incolore' *i.e. Colorless life*

For every photo, you buy and pay for, I will match the amount up to INR 50,000 total. Target INR 100,000 by May 30, 2020. Details below!

Before the #lockdown I was in talks to showcase my work at a photography exhibition cum fundraiser focused on monochrome artwork. That did not happen so I am posting a part of the collection here with a purpose - **Share some joy and raise some funds...** (Can you guess which 5 images from here were going to be on display at the exhibit)

This exhibition called 'Vie Incolore' or colorless life is hosted as a public album on Facebook and is accessible here:

<https://www.facebook.com/media/set/?set=a.3310494072294069&type=3>

- **On JOY:** Images spark emotions and reflections for most of us! These are images full of life, some silent and some loud. Hopefully, you will experience what I did while capturing these moments. Will repost this on other SM platforms for the rest of May!
- **On Raising Funds:** Its simple, the target is to raise INR 1 Lakh by 30th May 2020. I will match what you pay for the photographs so they need to be worth 50 K for me to add 50 more and donate the whole thing!

What you get: In return, you get the high-resolution file without a watermark via email which can be printed and framed up to a 2Ft. by 3 Ft. size. You can do it any which way you like once the world opens up.

Please share this, like this and help me ensure that it reaches more people.

Also, if there is a photograph that you have clicked and would like to add to this exhibition (must have a RAW or High res JPEG) then DM me to send a pic over email. I will add it if I like it...

Thank you,

Abhinandan Chatterjee
